Dear Minister,

I am deeply concerned about the fate of Hanan Badr el-Din. Her detention was renewed for another 45 days and she is already detained for more than a year. The charges brought against her are fabricated and Hanan Badr el-Din is solely detained for her peaceful activism. She is the co-founder of the Families of the Forcibly Disappeared Association which she started after her husband forcibly disappeared.

Please ensure that Hanan Badr el-Din is immediately and unconditionally released and freed of all charges. Please also ensure that that Hanan Badr el-Din has access to adequate medical treatment. Lastly, please inform Hanan Badr el-Din without delay of the fate and whereabouts of her forcibly disappeared husband, Khaled Ezz el-Din.

Yours sincerely
