Dear Mr. President,

I am deeply concerned about the detention of members of the satirical group Peacock Generation. They have not committed any crime but are solely detained for peacefully exercising their human right to freedom of expression.

I therefore urge you to ensure that all jailed members of the Peacock Generation are immediately and unconditionally released and their convictions quashed.

Any further charges against them and all others who are facing imprisonment solely for peacefully exercising their right to freedom of expression must be dropped.

Yours sincerely,
