Estimado Señor Fiscal General,

Amnesty International the impartial and highly respected organization for the protection of human rights has informed me of the unresolved murder of **Berta Cáceres** on 3 March 2016 and ongoing cases of harassment, threats and physical attacks against members of organizations fighting for the human rights of indigenous communities in Honduras, such as *Consejo Cívico de Organizaciones Populares e Indígenas de Honduras* (COPINH).

I understand that 9 suspects have been arrested and will be brought to trial, but there are reports that more people are involved in the murder and the criminal investigations have not made decisive progress.

I urge you to start accurate, expedient and impartial investigations immediately against all suspects in order to bring all those responsible in the murder of Berta Cáceres to justice in fair and thorough trials according to internationally accepted standards.

Thank you for respecting the Human Rights of every citizen of the Republic of Honduras.

Yours sincerely
